Spoken Languages: Indonesian (Native), English (Conversational)

SELECTED PROJECTS

Airline Flight Performance Data Warehouse *Independent Project*
- Built a data warehouse for airline flight performance using dimensional modeling, Python, SQL, and a Pentaho ETL pipeline, with Power BI reporting.

Customer Behavior & Marketing Analytics *Group Project*
- Performed exploratory data analysis in Python and ran machine learning experiments with Random Forest and XGBoost on customer behavior data.

Employee Attrition HR Analytics *Group Project*
- Developed a Tableau dashboard with KPI visualizations to analyze employee attrition.

EquiHire Recruitment Platform *Group Project*
- Handled manual functional testing, debugged authentication issues, and supported frontend-backend integration.

MyFood+ Meal Planning App *Group Project*
- Tested the application, checked REST APIs, verified PostgreSQL connectivity, and debugged integration issues.

ShipDeCKK Maritime Website *Independent Project*
- Built a responsive website with HTML, CSS, and JavaScript, including client-side form validation.

WORK EXPERIENCE

Self-Employed | *Personal Shopper* March 2026 - Present
- Managed customer orders end to end, including sourcing, payment coordination, communication, and delivery.

Smansa Smart Competition (SMATION) 2023 | *Secretary* November 2023
- Prepared event documentation and coordinated with the Event Division and participating schools.

Fit Out Cup Vol. 1 & Vol. 2 | *Event Committee, Program Division* May 2023 & November 2023
- Planned the concept and rundown of a futsal tournament for 31 schools, coordinating across multiple divisions.

ORGANIZATIONAL EXPERIENCE

Student Support, BINUS University | *Freshmen Partner, Volunteer* September 2026 - Present
- Mentored first-semester students in adapting to university life and academic activities.

HIMTI, BINUS University | *Member, Publication & Marketing Division* June 2025 - November 2025
- Supported content and promotional efforts for Informatics Engineering Student Association (HIMTI) events.

Student Council, SMAN 1 Kendari | *Secretary, Media & Publication Division* March 2023 - February 2024
- Prepared proposals, reports, and administrative documents, and supported event documentation and publication.
